

Transformative Growth Counseling

WE ARE HIRING

Program Director
(Hybrid Clinical Counselor and
Program Development)

Transformative Growth Counseling (TGC) is a social justice-minded community mental health agency. TGC is seeking to grow our amazing team, helping us make an impact on clients in rural communities and schools needing mental health access.

Our team is made up of clinicians ranging from interns to fully licensed clinicians who are as diverse in background as our clients. We are seeking an LSW or an LPC therapist to lead new program development.

TGC is hired by college partners to provide counseling services and mental health programming. Unlike the traditional college counseling model, TGC gets the luxury of operating similarly to private practice but housed in a college. This position offers a unique opportunity to work with students of all ages and create impactful programming for students who need it the most. TGC works to offer mental health services at affordable rates to increase access to quality mental health care.

On-Site College Location is located in Kankakee, IL.
